LAST REFERENCE. Letter No. 1145 dated 14th May 1898

from the Dy. Comr Hassan Dt

The facts of the case are as follows:—

Narsipur Ramiah purchased 2½ acres of land forming the bed of the Harlahalli tank in the Kalasinda village Chennarayapatna Taluk, in a revenue sale on 13th July 1887 for Rs 111. Subsequently the ryots of the village were allowed to repair the Kalasinda tank and the land purchased by Ramiah was taken up for its improvement. Thereupon Ramiah appealed to

granted to Ramiah 14 acres of land below the North Channel Extension of Iyeeramadevarkatte on 13th January 1895.

In his petition dated 20th December 1895 Ramiah complained that the authorities demanded from him Kandayam at Rs1/8 per acre plus water rate at Rs4/- per acre and Contribution at Rs20/- per acre, that he required 2 or 3 years to prepare the land for wet cultivation, that he saw no reason to pay any Contribution for the land granted to him in lieu of his land, and prayed for the remission of Kandayam on the said land for the year 9492. He also prayed that 4 acres of waste land near Cholena-kattu in the Chemmaroya-patna

These two numbers were proposed to be sold for arrears of revenue, but being within the waterspread of the Kalasinda tank, they were ordered to be deducted from Ramaiyā's Khate in the Deputy. Com^r's order dated 6th March 1892, and the arrears due from Ramiah ordered to be remitted, Kandayam having been recovered on the portions actually cultivated.

Ramiah again sends a reminder* to the above petition, praying that facilities might be afforded to him for the supply of water to the lands granted to him and that the Nirsardi on the extent of his land unfit for cultivation might be cancelled.

now reports that Ramiah purchased S. No. 162 for Rs 111/- on condition of giving up the same whenever required, that on his appeal to Govt complaining that he would be put to great loss by the relinquishment of the lands for the purpose of improving the village tank, Government ordered that if possible other lands might be granted to him or the purchase money re-funded to him, that in accordance with that order 14 acres of wet land were granted to Ramiah under the Korlla Channel and that out of this extent he is reported to have sold 10-28 for Rs 1050/- and the re-maining land for Rs 200/-. The Deputy Commissioner further reports

reports that it is clear that Ramiah has realized Rs 1250/- for the land he obtained in lieu of the one purchased by him for Rs 111/- which he was bound to give up to Government under the terms of the grant. He remarks that as Government have shown a very liberal Concession to Ramiah in granting him the valuable Chanmal land, his case is not deserving of any further consideration.

that petitioner purchased in public auction in June 1887, survey No 162, consisting of 6 acres dry and 22 acres wet in the bed of the said Kalvinda tank for Rs 111/-, on condition of giving up the same whenever required.

2. In 1890, the restoration of the tank was contemplated and the land referred to was proposed to be acquired. On the complaint of Ramaiya to Government that he would be put to great loss by the relinquishment of the land, Government ordered that, if possible, other lands may be granted to him in lieu of his lands taken up, or otherwise that the sale-money should be refunded to him.

3. Petitioner prayed for the grant of lands under North Channel and accordingly 14 acres of wet lands under the said channel were granted to him. Out of this extent, he is reported by the Amildar to have sold 10 acres 28 guntas for Rs 10 50/-. I have ascertained that the remaining land has also been since sold to Ramanna

Head.

Head Gumasta of at Beira for Rs 200. This portion is reported to be uncultivated, though it is capable of being cultivated at a small expenditure, as in the case of many lands under the Channel. Now the petitioner has no reason to complain in this matter.

It is therefore clear that Ramaiya has realized Rs 1250/- for the land he obtained in lieu of the one purchased by him for Rs 111/-, which he was bound to give up to Government under the terms of the grant. As Government have shown a very liberal concession to him in granting him the valuable channel land, I am of opinion that his case is not deserving of any further consideration.

The petitioner received with the marginally noted papers above referred to, are herewith returned.

The Vernacular papers as shown in the margin are also submitted for reference and kind return.

The lands which he is reported to have sold away to others fetched more than a thousand Rupees. The land is said to be irrigable and there is no reason whatever to remit the land revenue which should be collected in due course"
